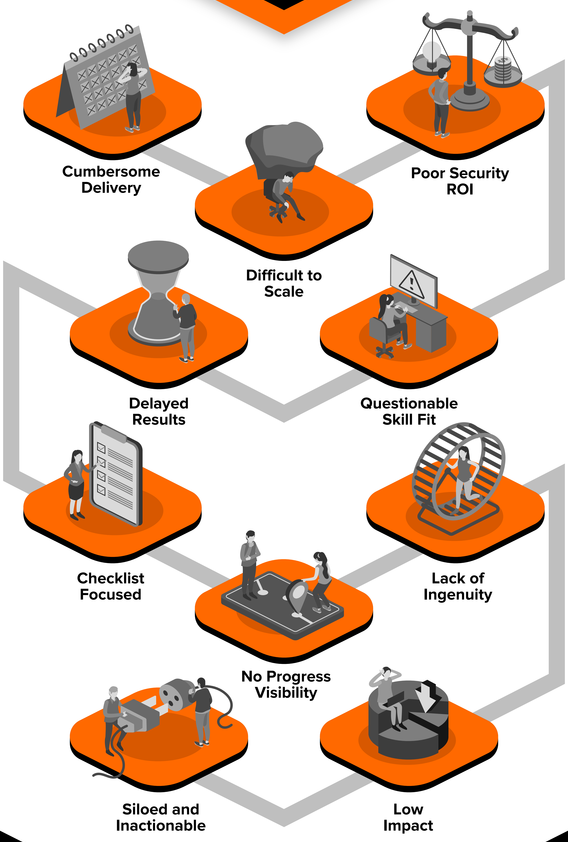
THE TROUBLE WITH TRADITIONAL PENETRATION TESTING

Most security leaders are dissatisfied with their current penetration tests.

So, what's the issue?



Bugcrowd Penetration Testing as a Service

High-velocity, high-impact pen testing for the digital business

- Buy and set up online with a credit card
- Launch testing within days, not weeks
- Count on a skilled team curated for your goals
- View prioritized findings and testing progress 24/7
- Flow findings into your DevSec processes for remediation
